## TECHNICAL SCHOOLS PREPARE FOR FALL TERM

NEW POLYTECH INSTITUTE IN CHERLYABINSK -- Gudok, No 97, 14 Aug 49

The Southern Ural Polytechnical Institute is being created in Chelyabinsk on the base of the Institute of Mechanics and Machine-Building and the Institute for Agricultural Mechanization. The new institute will have departments of machine building, power engineering, construction engineering, and others. Twenty hectares have been set aside for the institute, and a classroom building, laboratories, dormitories, and houses for the faculty will be erected.

BELORUSSIAN TECH ADMITS FIRST-YEAR STUDENTS -- Sovetskaya Belorussiya, No 149,  
29 Jul 49

The Belorussian Polytechnical Institute is admitting first-year students to all faculties. The mechanical engineering faculty trains mechanical engineers in the fields of technology of machine building, automobile building, and pressure treatment of metals. The power-engineering faculty trains electrical engineers in electric power plants, power networks, and systems, and heat power engineers in heat power installations. The peat faculty trains mechanical engineers in peat machinery and mining engineers in the development of peat deposits. The construction faculty trains construction engineers in industrial and civil construction, and in heat and gas supply and ventilation. The hydraulic engineering faculty trains hydraulic engineers in hydraulic construction and in irrigation. The chemotechnological faculty trains engineers in the technology of fermentation and technology of silicates.
